Profile Summary

- Full Stack Developer with 6 months of internship experience in building and deploying web applications using Node.js, React.js, Express.js, and MongoDB. Skilled in RESTful API development, authentication (JWT, OAuth), and database management. Hands-on experience in Pharmacy Management and Interior Design platforms, focusing on secure login systems, inventory management, and billing functionalities.
- Managed executive board of 5 members and ran weekly meetings to oversee progress in essential parts of the chapter.
- Led chapter of 30+ members to work towards goals that improve and promote community service, academics, and unity.

Education

Dr.Babasaheb Ambedkar Technological University

Aug. 2020 – Jun 2023

Bachelor of Vocation (Software Development)

Chh. Sambhajnagar, Maharashtra

Work Experience

A2Z IT Hub

Jun 2024 – Dec 2024

Full Stack Developer Intern

Ahilyanagar, Maharashtra

- As a Full Stack Developer intern has been an exciting and transformative experience. With a foundation in HTML,CSS,Bootstrap,Javascript also ReactJS and Nodejs,ExpressJS I stepped into the world of web development, eager to bridge the gap between frontend and backend technologies.
- Focused on understanding the project structure, familiarizing myself with the tech stack, and getting hands-on with Git, and databases. Worked closely with senior developers, absorbing best practices and improving my coding efficiency.
- One of the biggest challenges I faced was debugging complex issues and optimizing database queries. Through constant learning, code reviews, and problem-solving.
- My internship has laid a strong foundation for my full-stack development career. Moving forward, I aim to explore DevOps, cloud computing, and advanced system design to enhance my skills and contribute to large-scale applications.

Projects

Interior Design Website | *NodeJS, Clever Cloud Console*

- Utilized HTML, CSS, and JavaScript to design a responsive and visually appealing interface. Ensured compatibility across various devices and browsers to enhance user experience.
- Implemented server-side functionalities using Node.js and Express.js. Developed RESTful APIs to manage content and facilitate seamless communication between the client and server.
- Set up and maintained a Clever Cloud Console database to store and retrieve project details, client testimonials, and service information efficiently.
- This project enhanced my skills in full-stack development and provided hands-on experience in deploying a live application. Working on website allowed me to understand the Complication of web development, from designing inbuilt user interfaces to managing back-end services and databases.

Pharmacy Management Software | *NodeJs, HTML, CSS, Bootstrap, Javascript*

- As a Full Stack Developer Intern, I contributed to the development and deployment of a Pharmacy Management Software, designed to streamline pharmacy operations, inventory management, and sales tracking.
- Inventory Management: Developed CRUD functionalities for managing medicines, stock levels, and expiry dates.
- Deployment and Hosting: Hosted the application on Render, ensuring seamless accessibility and uptime.

Skills

Front-End: HTML, CSS, Bootstrap, JavaScript, JQuery, JSON

Back-End: NodeJs, ExpressJs

Database: MySQL, MongoDB

Other Tool: VS Code, Render, GitHub, Clever Console Cloud
